Introducing the Heritage 2800, a stunning suite of windows and doors that harmoniously blends classic style with modern technology.

With its smooth contours and heritage features, this decorative range adds an air of elegance to both modern and period properties. Its symmetrical design creates a perfect balance, lending a sense of harmony to any home.

Upgrade your windows with the Heritage 2800, the epitome of sophistication.

The future is about HOME ENERGY EFFICIENCY

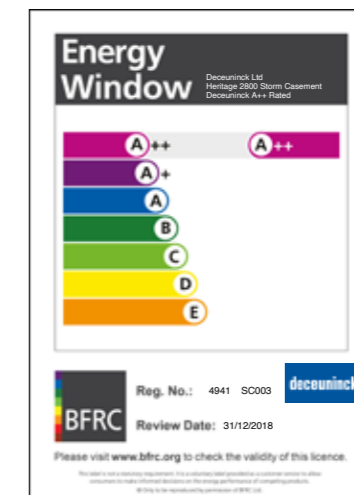

It's essential to have a window and door solution that seals in the warmth of your home, saving you money on utility bills and reducing your carbon footprint.

Unleash the Power of Energy Efficiency with Windows and Doors: Navigating the Rainbow of Energy Ratings.

We've all seen the rainbow 'energy label' on our household appliances, but did you know it applies to windows and doors too? The best in class for energy efficiency is an A+ rating or higher, and with the Thermal Rating Register or BFRG, that equates to A* or A+. So, when choosing your windows, look for the energy label with A*, A+, or A++.

Want to see how much you could save?

Visit www.deceuninck.co.uk for a quick and easy online energy calculator. Our Heritage 2800 double-glazed windows boast an impressive A++ energy rating, while our triple-glazed options provide the ultimate in energy efficiency and comfort.

Home Safety: Protect Your Property with Secure Windows and Doors

The foundation of security starts with the window or door profile. Deceuninck offers the ultimate solution, with windows and doors manufactured to the stringent standards of Secured by Design.
