REHAU
Window Solutions

Windows and Doors.

At REHAU we engineer progress and are dedicated to enhancing the lives of our customers throughout the UK. This drives us forward to believe, achieve, and be a leader in our industry – now and in the future. Building on our past successes, gives us a forward-thinking perspective for continued success.

Reinvented for modern life.

Rio flush fit window and door system

When it comes to design features and sophisticated styling, the Rio flush fit range is in a class of its own.

Beautifully crafted to elevate your home, the Rio flush fit window features an opening sash that sits perfectly flush within the outer frame, creating a flawless, streamlined appearance. Thoughtfully designed to authentically capture the elegant detailing of a traditional timber window. The result is a sleek, elegant design that brings timeless style and contemporary appeal to your home, without the maintenance of timber windows and doors. Rio is an exceptional combination of classic British aesthetics and German engineering. Designed to mirror the grain, depth, and tactile beauty of authentic wood while offering a level of performance that natural timber simply cannot match.

As with all REHAU products, safety, security, performance and longevity is paramount. Your REHAU flush fit windows and doors benefit from enhanced noise reduction, energy efficiency and are easy to maintain, keeping them looking good throughout their lifetime.

The Rio flush fit range is further complimented by our door range. An outward opening Residential Door and French Door now gives customers a complete flush fit solution providing clean aesthetics across the whole home.

Based on an authentic, traditional design timber door, the Rio door solution carries all the modern benefits of uPVC and allows maximum natural light into your home.

Attention to detail

Not only does the Rio flush fit range authentically replicate the features of traditional timber products, it also compliments more modern homes perfectly with clear lines and minimalist appearance. This truly sets the Rio flush range aside in terms of look, suitability, safety and longevity.

A style suited to you

Our stylish and elegant Rio flush fit creates an inspired modern look, creating a seamless alternative to aluminium.

Rio flush fit authentically replicates features of a traditional timber window, without compromising the care and attention that you have already given to your home..

An option for everyone

Create your own look with the option of three jointing methods to add that quality finish to your windows:

Fully-welded joint

A colour for all

A beautiful array of colour options and combinations present you with a range to suit any home style and décor preference.

Colour combinations

Every Rio flush fit product has the option of featuring the same colour finish inside the home, for a custom look consistent with the home's interior.

Choosing Rio flush fit will add a touch of timeless style. A combination of modern materials and a rich spectrum of colour options, offer a window and door with style and sophistication at its heart. From the traditional and highly textured Turner Oak, to the modern Anthracite Grey, you will find the perfect match for your home.

Stay safe with Rio

Your home is the heart of family life, and knowing it is secure and protected is important. Rio flush fit offers a range of benefits to enhance your home, family and the environment.

What does the Rio flush fit range offer?

A Energy efficiency rating

Choosing Rio helps your home to become more efficient and save money on your heating bills.

Noise reduction

Every one needs a good night's sleep and Rio offers exceptional noise reduction.

Virtually maintenance free

Timber windows and doors, require annual maintenance to ensure they are kept looking good - with Rio you can spend more time with your family.

Enhanced Security

The Rio range is PAS24 security accredited which gives you an added level of security to your home and family.

Weather Performance

Independently tested, Rio achieves the highest BSI ratings for wind, water and air protecting your home from the elements.

Sustainability

Shaping the future together

As a manufacturer, REHAU is conscious of the impact their actions have on people and the environment. The use of recycled materials is one of REHAU's strategic objectives and we are committed in supporting that objective by leading change in attitudes and accessibility of recycling.
