* See The Colour Palette in the latest Distinction Doors brochure for style and colour availability. Bespoke coloured doors can be painted on one or both sides. Important note: due to the nature of the process together with the different materials/substrates relative to the door skins, glazing cassettes, door frame and Renolit foil film then colour shade and gloss level variation will inevitably occur from one another and the swatches shown. Door, glass and colours colours shown should be used for guidance only as the limitations in photographic and printing processes may mean that colours of products vary from those illustrated. Distinction Doors reserves the right to alter specifications without prior notice. Reproduction of this brochure in whole or part is strictly forbidden without prior written consent.
